WHEREAS on the sixth day of October, A. D. 1873, the Municipal Council of the Corporation of the Township of Raleigh passed a By-law numbered 242, and entitled "A By-law to provide for the deepening of the Waddick Creek in the Township of Raleigh, and for borrowing on the credit of the Municipality the sum of \$2296.80 for completing the same." G. McGeorge in respect thereof, and of the said work, being as follows:

To the Reeve, Deputy-Reeves and Municipal Council of Raleigh:

CHATHAM, 29th June, 1887.

GENTLEMEN,—I beg to report to your honorable body that I have made an examination of the Waddick Drain in the Township of Raleigh, with a view to having it repaired from the road between the 10th and 11th Concessions towards the outlet. I find that the drain is very much in need of repair from said road to a point a little north of the junction with the Horne drain, that is to a point in the North half of Lot 16 in the Eighth Concession. Below this the drain has increased in size, and it would not be advisable to go over this lower part unless the work was continued right through to the Raleigh Plains Drain. I make an estimate as follows of the cost of the work required to be done:
